CENTRAL INTELLIGENCE GROUP

-2-

- 25X1 6. [redacted] [redacted] [redacted]  
 25X1 Schönwalde and Staaken airfields are being operated as one unit.
- 25X1 7. Sag Sound Lane Station (P-57), Pügen Island [redacted]  
 25X1 This station was originally dismantled in 1945, but since August 1947 it  
 25X1 has been cordoned off by Soviet naval troops and is again being put into  
 25X1 usable condition by squads of German laborers.
8. Recklin Airfield (U-33): The Labor Office at Wron has had to provide  
 600 men daily since 15 August 1947 for the reconstruction of Recklin  
 Airfield. The work is proceeding under high pressure, including the  
 building of living quarters. The plant of the Luftwaffe Research Station  
 was dismantled some time ago. There is already some flying activity with  
 twin-engined aircraft from the field.
- 25X1 9. Airfields in the Bessau area [redacted] according to  
 an order dated 17 August 1947, a reinforced runway, hangars, search lights,  
 radar, and blind-flying controls are to be installed at Bitten Airfield  
 (D-95). The work is to be completed within two months. The same order  
 states that new fields are to be constructed at Bingenau, near Ludendorff-  
 Bessau (E-05), and at Bittenberg (U-37). The work on both fields is to be  
 completed by 17 December 1947.
